

# Statement of Work (SOW)

---

**Project Title:** AI Document Classifier for Legal Department

**Client:** LegaNet Solutions Ltd.

**Vendor:** Syed Hashir (Freelance AI Developer)

**Date:** June 29, 2025

---

## 1. Objective

Develop a machine learning model that classifies legal documents into predefined categories (NDA, MSA, SOW, etc.).

---

## 2. Scope of Work

- Data preprocessing and annotation
  - Model training and evaluation
  - REST API for classification
  - Deployment documentation
- 

## 3. Deliverables

- Trained ML model (.pkl)
  - Flask-based API code
  - Technical documentation
  - Deployment guide (PDF)
- 

## 4. Timeline

Project start date: July 1, 2025

Estimated end date: July 28, 2025

---

## 5. Payment Terms

Total cost: \$2,000 USD

- 50% upfront
  - 50% upon delivery
- 

## 6. Assumptions

- Client will provide access to 1,000 labeled documents.
  - Cloud GPU access is available during training.
- 

## 7. Confidentiality

All work and data shall remain confidential and may not be shared or reused.

---

## 8. Approval

This SOW is binding upon signature by both parties.
